

STARTING THE CONVERSATION OF THE REAL COVID AGENDA.

USING THE 18 & 17 "REASONS TO NOT GET THE VAX" ARTICLES
BY CHRISTIAN ELLIOT.

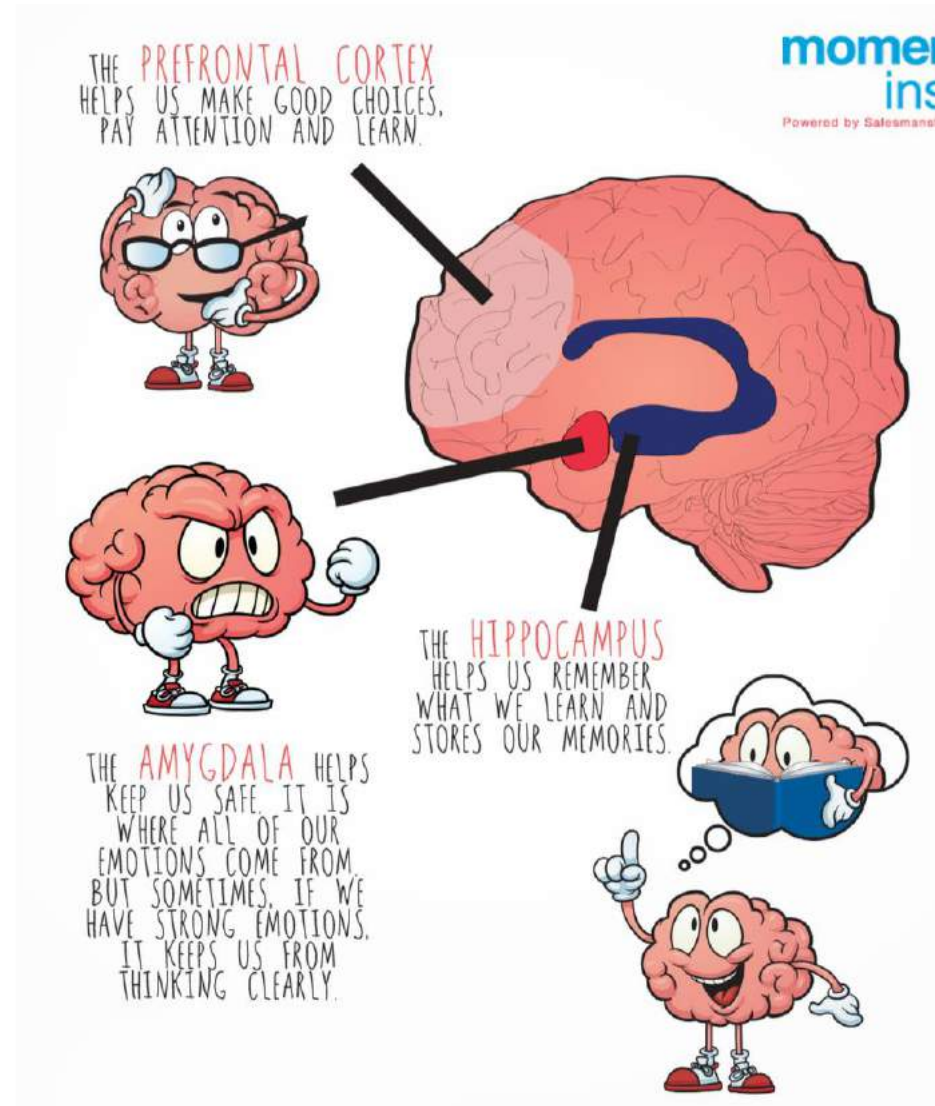

DID YOU KNOW? OVERCOMING COGNITIVE DISSONANCE

Cognitive Dissonance is the strong tendency to **fight** or **delete** anything different than what we have already decided is true, or are not looking for. How do you get past that? = Questions!

Ask the person if they know this info. This turns off the amygdala (fight-flight) and turns on the prefrontal cortex (reasoning) to be able to consider and learn.

Don't get "defensive" as you explain your answers! This will only feel like an attack to the other and shut down the conversation (aka amygdala fires up and learning stops). This means you have to want to learn too. "Please me more. Where did you learn that?"

In other words, have a real conversation! Give and receive! We all want to be happy and healthy. We are all doing the best we can. Let's come together.

DID YOU KNOW?

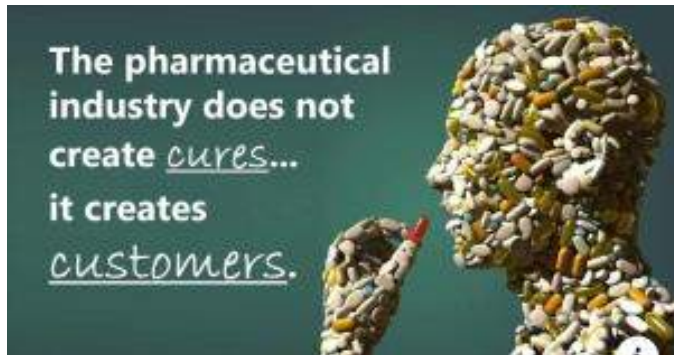

#1: VACCINE MAKERS ARE IMMUNE FROM LIABILITY

- Manufacturers cannot be sued, even if they are shown to be negligent
 - From 1986 National Childhood Vaccine Injury Act.
 - If you sue you sue the USA government, not the vaccine makers.
 - If you win, the vaccine makers don't pay the fines, the USA government does, aka USA tax payers.
 - & more recent PREP Act.
 - If you sue for covid vaccine injury you ... wait you can't sue for [covid vaccine injuries](#) under the PREP Act and EUA.

DID YOU KNOW?

- Did you know COVID vax was rushed to market.
- It usually takes 5-20 years to bring a vaccine to market yet the covid vax was done in 6 months, with very limited trial participants (no pregnant/lactating women, no elderly over 55, etc.) and skipped animal trials.
- Moderna had the first batch of vaccines ready 42 days after the viral sequence was identified.
- This of course is no problem for the vaccine makers since they have no liability if it goes bad.

DID YOU KNOW?

#2 Did you know the vaccine companies are inexperienced and known FELONS?

- Of The four major companies:
- Moderna & Johnson & Johnson: Covid is their 1st vax to market.
- Pfizer & AstraZeneca: Serial felons
- Johnson & Johnson: 1st time and serial felon.
- 3 of them (not Moderna) have paid out tens of billions in damages when guilty for other drugs known to cause injuries and death (ex: Vioxx, Bextra, Celebrex, Thalidomide, and opioids).

DID YOU KNOW?

If they willfully put harmful products out when they can be sued for billions, why would we EVER trust their product when there's NO liability?

[Click to see Robert F Kennedy, Jr interview.](#)

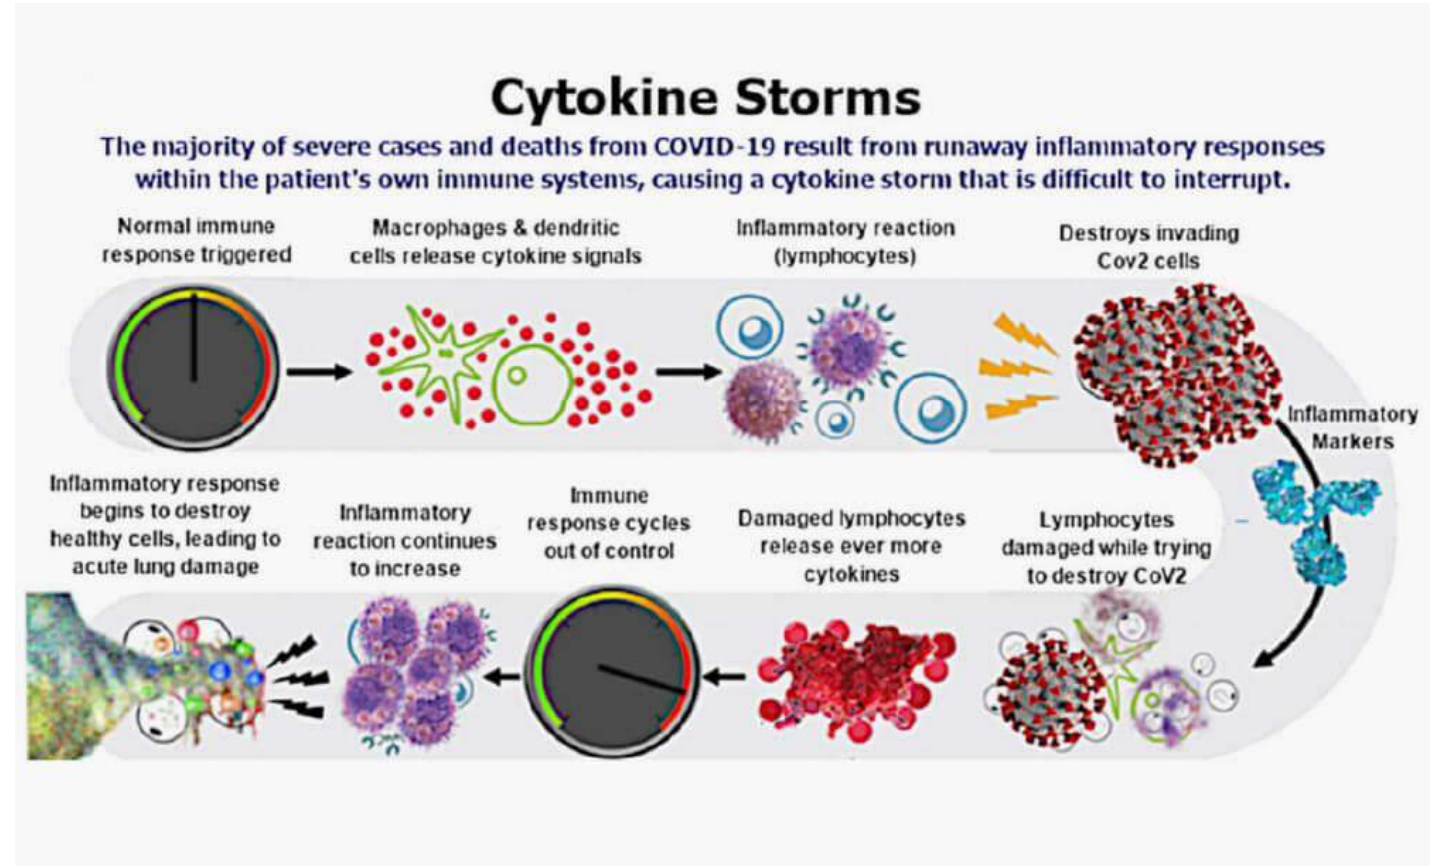

DID YOU KNOW?

#3: We've been working on a CORONAVIRUS VACCINE since the 1960's and have NO HISTORY OF SUCCESS.

- 1960's, when tried with RSV (Respiratory Syncytial Virus) vaccine for infants Result = babies got sick and some died.
- Past 20 years tried more with animal trials. Result = animals got sick and many died.
- The experimental Vax produced antibodies, **but** when children and animals exposed to the virus in the wild if created Antibody Dependent Enhancement (ADE) / aka Vaccine Enhanced Disease (VED) = the immune system produced a "cytokine storm" = immune system overwhelmingly attacked its own body. The result of this "success" of creating a lot of antibodies was that the children/animals got sick and/or died.

DID YOU KNOW?

- There's NO data to suggest their rushed vaccines have overcome Antibody Dependent Enhancement (ADE) / aka Vaccine Enhanced Disease (VED) and the ensuing cytokine storm.

DID YOU KNOW?

- Science has been trying to overcome ADE/VED for 60 years?
- And we are to believe they magically did so in 6 months, without the data to prove it, just because billions of dollars was paid in government/taxpayer funded money?

DID YOU KNOW?

#4: THERE'S HUGE "DATA GAPS" SUBMITTED TO THE FDA BY THE VACCINE MAKERS

- There's nothing about overcoming Vaccine Enhanced Disease = cytokine storm (and deaths).
- Did you know, to get the Emergency Use Auth (EUA) they used NO data on:
 - • Anyone younger than age 18 or older than age 55
 - • Pregnant or lactating mothers
 - • Auto-immune conditions
 - • Immunocompromised individuals
 - • No data on transmission of covid
 - • No data on preventing mortality from covid
 - • No data on duration of protection from covid
- To see EUA docs showing the gaps look at [this](#), or [this](#) at about page 46 and 48.

DID YOU KNOW?

- The CDC willfully hyper-inflated the covid numbers, since the real numbers don't support blind and continual vaccine boosting.

DID YOU KNOW?

#5: THERE'S NO ACCESS TO THE RAW DATA FROM THE TRIALS

- Why no data from Pfizer nor Moderna on the "90% and 95% effective" claims they touted?
- But they did use Lots of deceptive language
- Did you know the efficiency claims from Pfizer and Moderna came from "3,410 total cases of **suspected**, but **unconfirmed** covid-19 in the overall study population, 1,594 occurred in the vaccine group vs. 1,816 in the placebo group."? This tricky language made the vaccine group more effective, but **BASED ON WHAT DATA?** It was A Guess that people had covid?!? Why didn't they test to see? Why did the FDA allow that? Why are mandates being rolled out based on guesses (or worse, deception)?

DID YOU KNOW?

#6: NO long term testing.

- Usually takes 5-10 (to 20!) years to approve a new vax, yet this covid vax was pushed out in 6 months, with a super limited group (See data gaps in #4).

DID YOU KNOW?

#7: NO INFORMED CONSENT.

- No agreement to being a part of an experimental trial on a new drug, just an “emergency” use push for our “safety” that skips all the real safety rules.
- Get the jab = experiment group. Don’t get jab = control group.

DID YOU KNOW?

#8: UNDER-REPORTING OF ADVERSE REACTIONS AND DEATH.

- [Harvard study](#) says less than 1% of AR's are reported!
- [VAERS is reporting](#) over 18,409 COVID vaccine deaths (and counting) and nearly 1.7 MILLION ARs as of 11.6.21. If that's just 1% of what's really happening, you begin to see the severity of this problem/biological warfare.

DID YOU KNOW?

#9: THE VACCINES DO NOT STOP TRANSMISSION, & DO NOT STOP INFECTION!

Even FDA admits it **just** reduces symptoms! Pages 46 to 48 [HERE](#)

It can't stop us from spreading the virus.

It can't stop the virus from infecting us once we have it.

Has high risk as an experimental product known to damage and kill

And the best it might do is lower symptoms?

Media pitching danger of asymptomatic spreaders, wouldn't the vaccine that just lowers systems (not cure, not stop spread) make more asymptomatic spreaders?

DID YOU KNOW?

**#10: PEOPLE ARE
STILL CATCHING
COVID *AFTER*
BEING FULLY
VACCINATED**

OBVI, SEE #9.

DID YOU KNOW?

#11: THE OVERALL COVID DEATH RATE. .26 to .002%.

Did you know the common cold is a type of coronavirus?

Death rate for the cold/flu is about .1%.

CDC's own numbers says covid has a 99.74% survival rate.

DID YOU KNOW?

#12: THE FALSE COVID DEATH NUMBERS.

- How did we get that 753k covid death number?
- New guidelines pushed Covid disease to be listed as the cause of death, **EVEN** if died of cancer or a heart attack.
- To falsify the number even more, both the W.H.O. and the C.D.C. said it **just needed to** suspected or be probable (never confirmed) of having died of covid!
- CDCs own numbers says only 5% of “covid deaths” are from covid as the only issue.

DID YOU KNOW?

#13: ANTHONY FAUCI OWNERSHIP IN over 2000 PATENTS INCLUDING THE MODERNA VACCINE.

- He and 6 others at NIAID (NIAID implements/spends the taxpayer money approved by the NIH).
- So Fauci is the one who approves the money to be spent, then chooses the company and product he owns to give it to.
- Robert F Kennedy, Jr video:

This is a MAJOR conflict of interest.

Even criminal!

DID YOU KNOW?

#14: FAUCI ILLEGAL BEHAVIOR

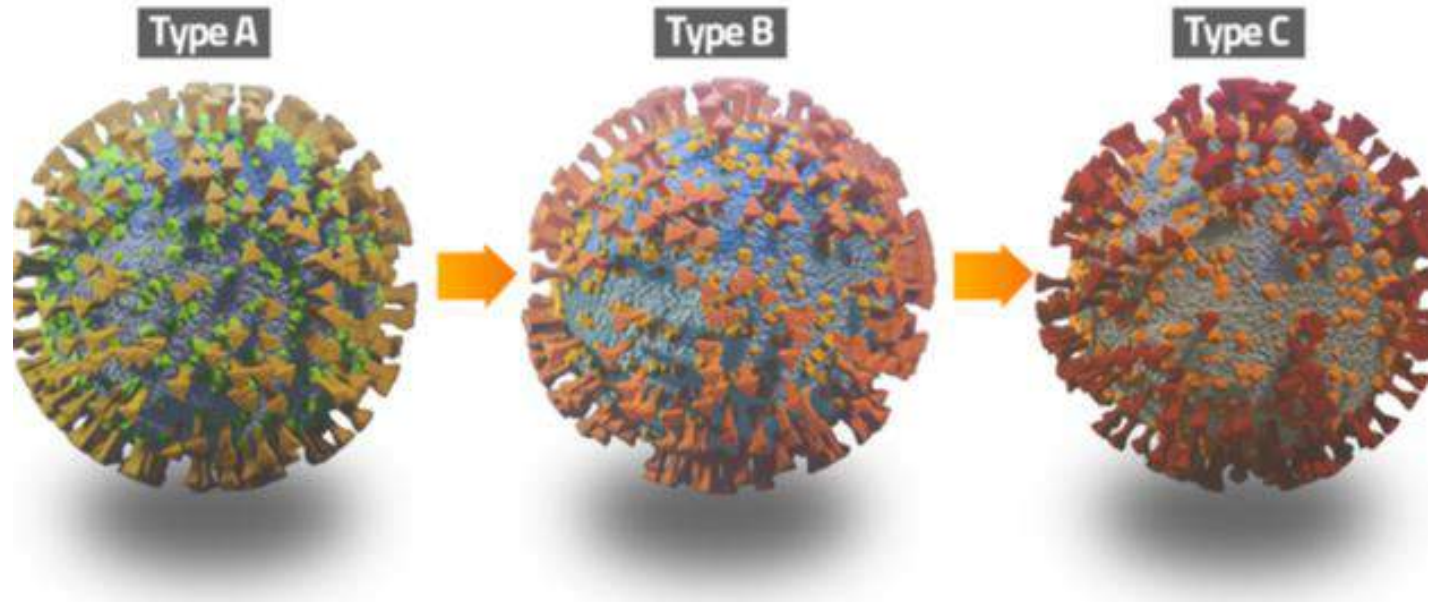

- "[Gain-of-Function](#)" research = scientists attempt to make viruses gain functions--i.e. make them more transmissible and deadlier, which is [illegal](#) in USA.
- So Fauci-led (he director) NIAID [outsourced the gain-of-function](#) research (in coronaviruses) to China with a \$600K grant. See link for the documentary for details.
- The former CDC director and virologist, [Robert Redfield, confirms Covid19 is a man made](#) virus from Wuhan lab. He got [death threats](#) from saying this BTW.

DID YOU KNOW?

#15: THE VIRUS CONTINUES TO MUTATE

- World-renowned vaccine developer [Geert Vanden Bossche](#) mutates about every 10 hours. Can't have an effective vaccine when it changes that fast. That's why the [vaccinated are getting sick just as much, or more than vaccinated.](#)

COVID-19 Will Mutate

DID YOU KNOW?

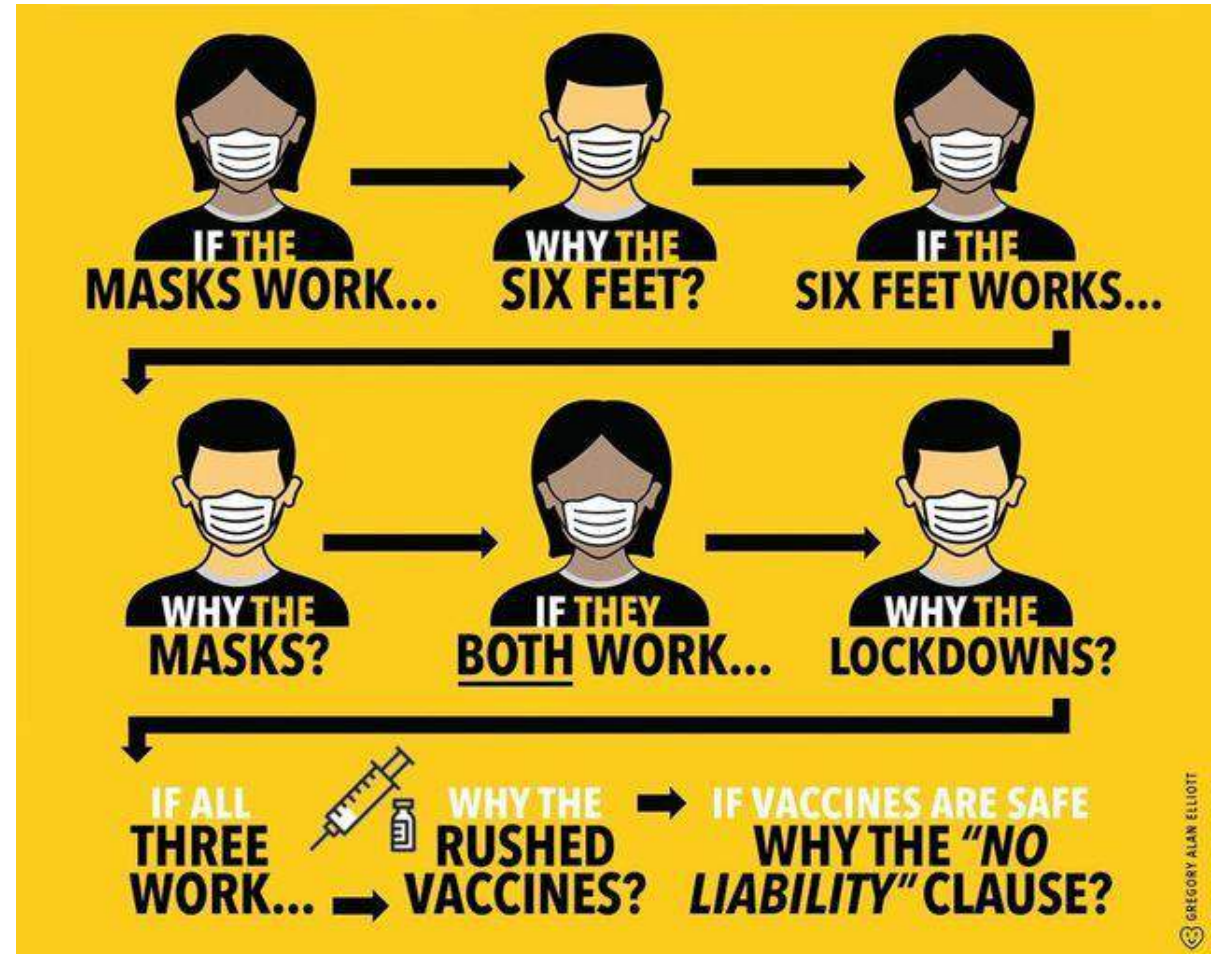

#16: CENSORSHIP...AND THE COMPLETE ABSENCE OF SCIENTIFIC DEBATE.

- Not allowed to ask any question on
 - • Lockdowns
 - • Mask wearing
 - • Social-distancing
 - • Vaccine efficacy and safety trials
 - • How to screen for susceptibility to vaccine injury
 - • Therapeutics, (i.e. non-vaccine treatment options)
- Instead public health officials (who never treated covid) dictate their "science". no panel publicly giving vaccine makers tough questions about products of which they have no liability.
- First Amendment: Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.

DID YOU KNOW?

#17: VACCINOLOGIST SOUNDS ALARM.

- [Geert Vanden Bossche explains:](#)
- Vaccines put pressure on the virus that accelerates its ability to mutate and become more deadly, creating vaccine-resistant viruses. Here's [another talk](#) on this.
- Since Antibody Dependent Enhancement never solved, may have mass casualty event in the next months/years.
- Did you know [masks don't work to fight Covid pandemic](#)?

DID YOU KNOW?

#18: We can't vaccinate out of this pandemic.

- Getting COVID and natural antibodies are how to recover from this “pandemic”. Those antibodies will protect and not have harmful side effects.
- Did you know if you got covid and recovered, there is evidence the covid vaccine might actually be more dangerous for you?

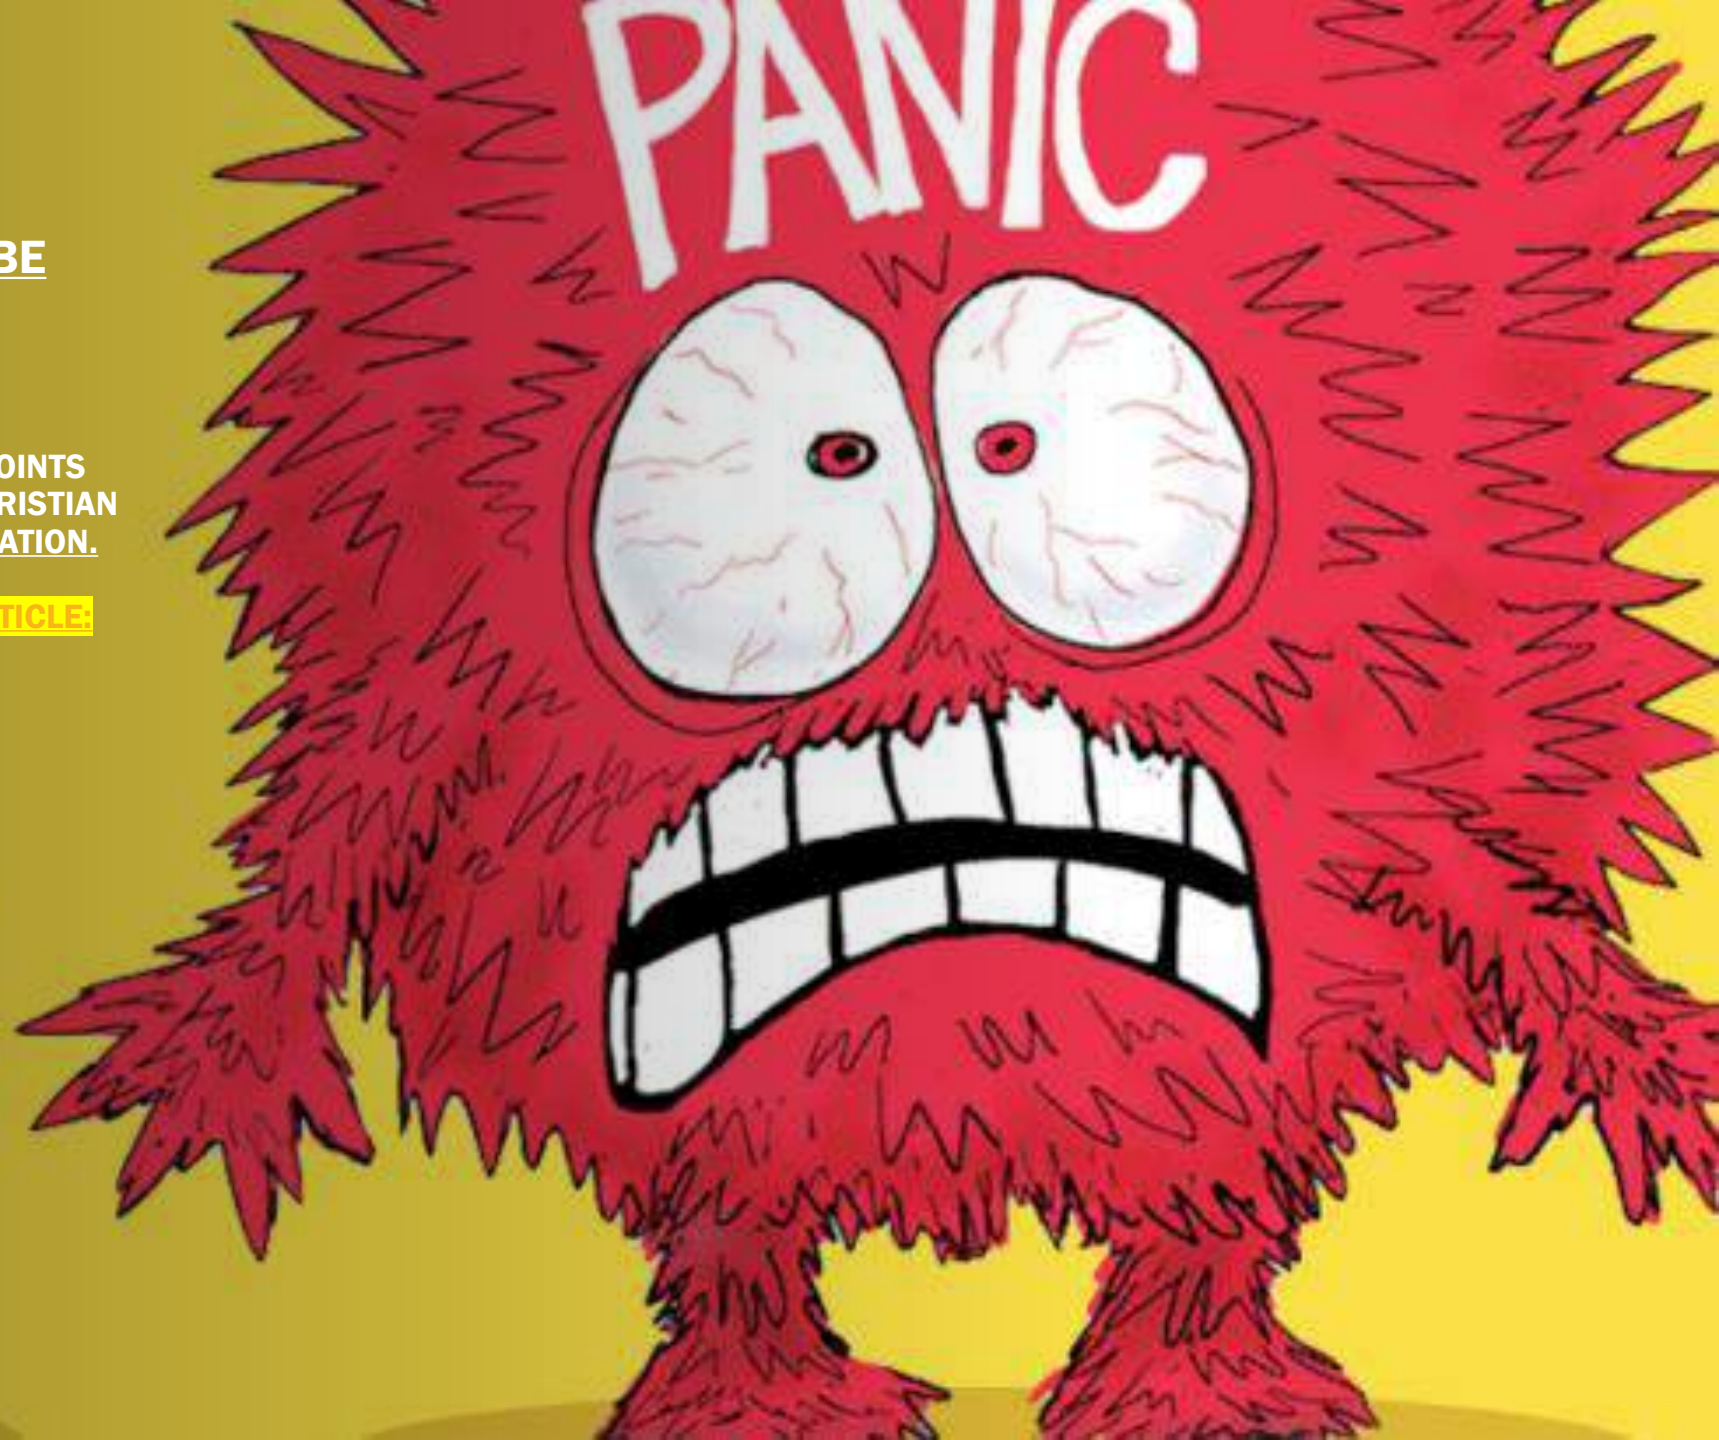

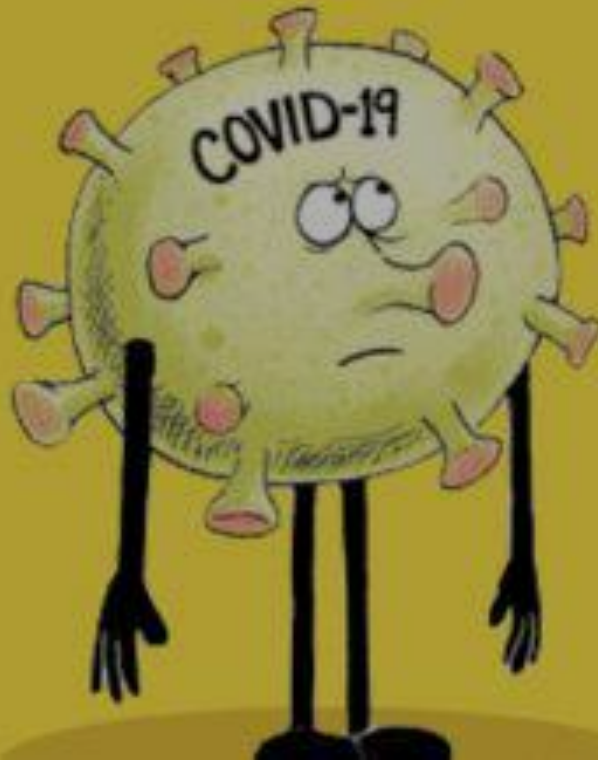

17 MORE REASONS I WON'T BE GETTING A COVID VACCINE

THESE SLIDES ARE JUST A FEW TALKING POINTS
TAKEN FROM THE ABUNDANT EXAMPLES CHRISTIAN
GIVES. USE THIS TO HAVE A REAL CONVERSATION.

WHY NOT TAKE THE VAX? DID YOU KNOW?

Reason #1: THE “VACCINES” ARE A MASSIVE FAILURE

- [Dr. Peter Doshi](#) (editor of the *British Medical Journal*—BMJ) says In early July 2021 Israel reports the vaccine was **64% effective**. By late July 2021, Israel reported the vaccine was [39% effective](#).
- We aren't told efficacy rate after that because Pfizer supposedly doesn't have any data past six months into their trial. Mmm hmm.
- In the un-injected, human immune system remains [99.9% effective](#) at beating covid.
- [The Lancet article](#) that says the absolute-risk reduction a jab confers is a whopping 1.3% decreased risk *at best*.
- Did you know many FDA “fully approved” drugs (that were studied for **years**) frequently got pulled from the market for being found out to be deadly? Ex: Vioxx, Celebrex, opioids, etc.?
- Does this data support a no-exceptions, twice-annual (or multi-annual) “immunity membership,” passport, to live our lives?

WHY NOT TAKE THE VAX? DID YOU KNOW?

#2: THE PANDEMIC OF THE VACCINATED

- Could it be that it's actually the vaccinated who are keeping covid going?
- Did you know *Nobel Prize Winner **Luc Montagnier** says that “it is the vaccination that is creating the variants” of Covid?*
- The more vaccinated a country (or state) becomes, the more there is a corresponding surge in covid deaths, and the surge is typically higher than the natural, pre-jab peak

Daily new confirmed COVID-19 deaths per million people

Our World in Data

Shown is the rolling 7-day average. Limited testing and challenges in the attribution of the cause of death means that the number of confirmed deaths may not be an accurate count of the true number of deaths from COVID-19.

#2: THE PANDEMIC OF THE VACCINATED

WHY NOT TAKE THE VAX? DID YOU KNOW?

- The jabs are completely failing to make a quantifiable difference in covid when compared to countries with low uptake rates.
- **Did you know, those who take the shot are becoming super spreaders, says Dr Robert Malone.**
- Did you know the CDC revised the definition of a vaccine? It was defined as “a product that stimulates a person’s immune system to produce immunity to a specific disease, protecting the person from that disease”. The new definition for the vaccine now reads, “A preparation that is used to stimulate the body’s immune response against diseases.” cutting out “producing Immunity”.
- Did you know other nations are barring Israelis from entering their country from fear of them spreading COVID?

WHY NOT TAKE THE VAX? DID YOU KNOW?

#3: VACCINES PRESSURE THE VIRUS TO MUTATE AND SKIRT OUR IMMUNE SYSTEMS

- [Dr. Geert Vanden Bossche](#), respected vaccine scientist, put his entire (impressive) reputation on the line when he called for an immediate pause to the covid vaccine program, and asked for public debates among his peers.... But he was vilified and debates never happened.
- Dr Bossche told us that vaccinating people in the middle of an outbreak would:
 - Accelerate the virus' ability to mutate: Hello Alpha, Beta, Gamma, Delta, etc.
 - Inevitably produce vaccine-resistant strains: Hello new surge in infections.
 - Train the immune system to fixate on ONE specific piece of the *original* SARS CoV-2 virus (the spike protein) and thus *be non-responsive* to future variants.

WHY NOT TAKE THE VAX? DID YOU KNOW?

#3: VACCINES PRESSURE THE VIRUS TO MUTATE AND SKIRT OUR IMMUNE SYSTEMS

- An immune system that is non-responsive to future variants = can make the common cold deadly = producing mass-casualty event.
- Did you know it is mathematically impossible to inject our way out of covid?
- Did you know that Robert Malone, the inventor of the mRNA vaccine say it is not safe for the general population to take, potentially deadly? The same with vaccine expert Dr Bossche. Both men risk their careers to speak out, at the top of their field. Why?

WHY NOT TAKE THE VAX? DID YOU KNOW?

#4: CLEARLY-ESTABLISHED, HIGHLY-CONCERNING RISKS OF THE “VACCINES”

- **FIRST**, these shots, turn off your immune system’s ability to recognize friend from foe.
- Part of the mechanism of action (for which a Nobel Prize was awarded) is that these injections cause the “toll-like receptors” of our immune system to not attack foreign mRNA. Toll-like receptors are the gatekeepers that empower the immune system to do things like:
 - Recognize native vs. foreign mRNA
 - Distinguish healthy cells from cancer cells
 - Put viruses in check so they remain dormant
- Leads to the return of aggressive cancer and the opportunity for dormant viruses to remerge.

WHY NOT TAKE THE VAX? DID YOU KNOW?

#4: CLEARLY-ESTABLISHED, HIGHLY-CONCERNING RISKS OF THE “VACCINES”

- **SECOND**, we were told the injected spike proteins would stay hyper-local in the shoulder and thus the immune system would surround the enemy, learn its ways, clean up the injection site, and humoral (memory) immunity would confer protection.
- As it turns out, the logic of that first assumption makes as much sense as having a peeing section in a pool.
- In what's called a “[biodistribution study](#)” Japanese researchers found the spike protein (which is toxic) was able to travel through *the entire body*—including across the highly-sensitive, blood-brain barrier.
- Did you know The highest concentration of these spike proteins was actually found in the ovaries?
- Perhaps this explains why in [Pfizer's own study](#) (see page 67) they acknowledged there is a risk for pregnant women (via “inhalation and skin contact”) if exposed to someone who has had the vaccine.
- Might that explain the reports of [menstrual](#), [fertility](#) and [miscarriage](#) issues in women?
- Did you know scientists have been working on [vaccines that spread like a disease](#)?

WHY NOT TAKE THE VAX? DID YOU KNOW?

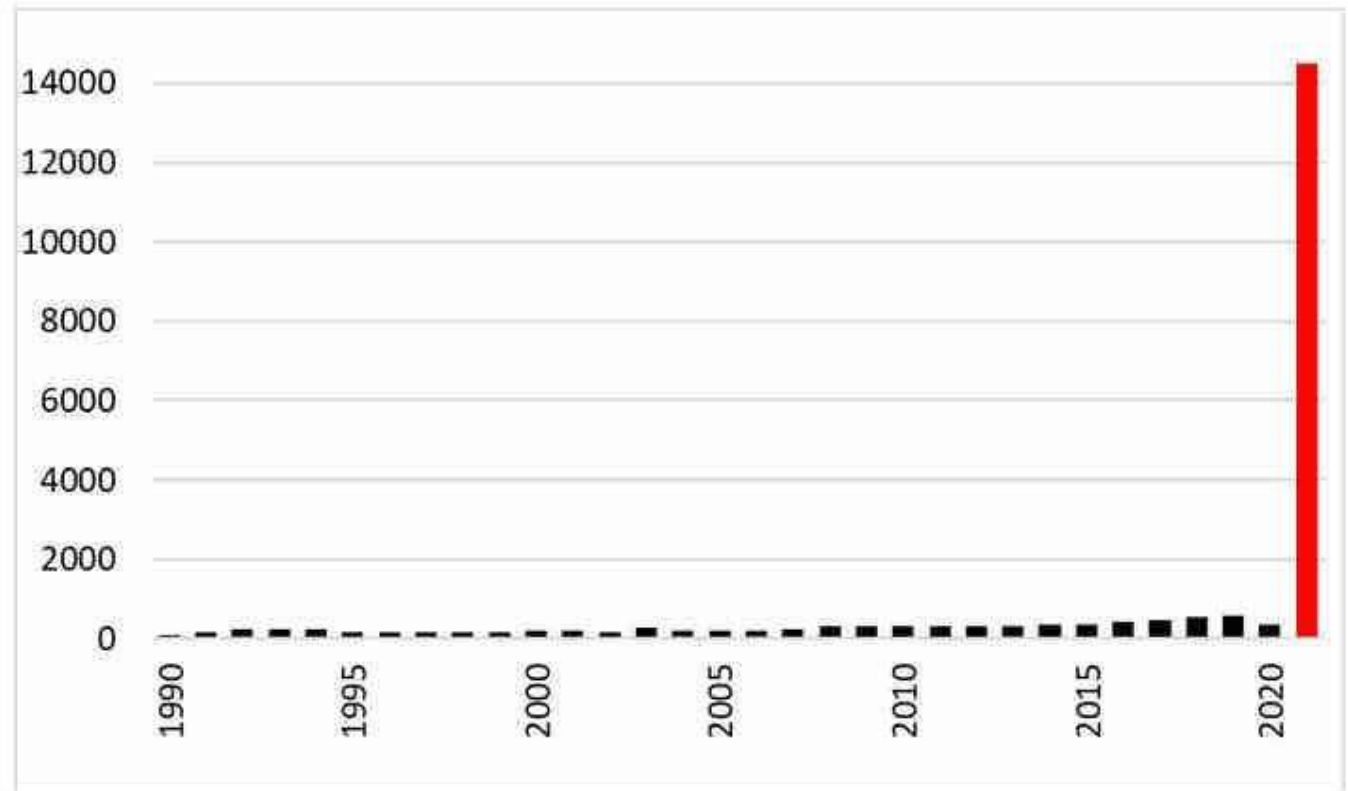

#4: CLEARLY-ESTABLISHED, HIGHLY-CONCERNING RISKS OF THE “VACCINES”

- **THIRD**, these jabs also contain the instructions to turn your cells into spike-protein factories.
- Not only is the spike-protein what opens the cell wall to allow the virus inside, these spiky bits (whether from covid or from the jab) cause your cells to begin manufacturing a protein that can cause blood platelets to stick together, creating blood clots.
- With the right trigger, cells all over an injected person's body might not only simultaneously become a spike-protein factory that thickens the blood, but can also cause the immune system to start attacking any cells that make the spike protein.
- Makes potential micro clots (found on a D-Dimer test) as well as potential auto-immunity.
- Dangers already known from coronavirus animal testing 20 years ago (See #3 in 18 Reasons).
- Did you know the first autopsy (of a human who died after receiving the jab) showed every organ of the body infested with spike proteins.
- Why are seasoned Dr's and scientists signing [petitions to stop the jab program](#)? 12k Drs on one, 59k signed another.

WHY NOT THE VAX? DID YOU KNOW?

Did you know that all vaccines injuries in the last 30 years combined don't equal the death and ARs we've seen in 2021 alone.

Number of Deaths Reported to VAERS Since 1990

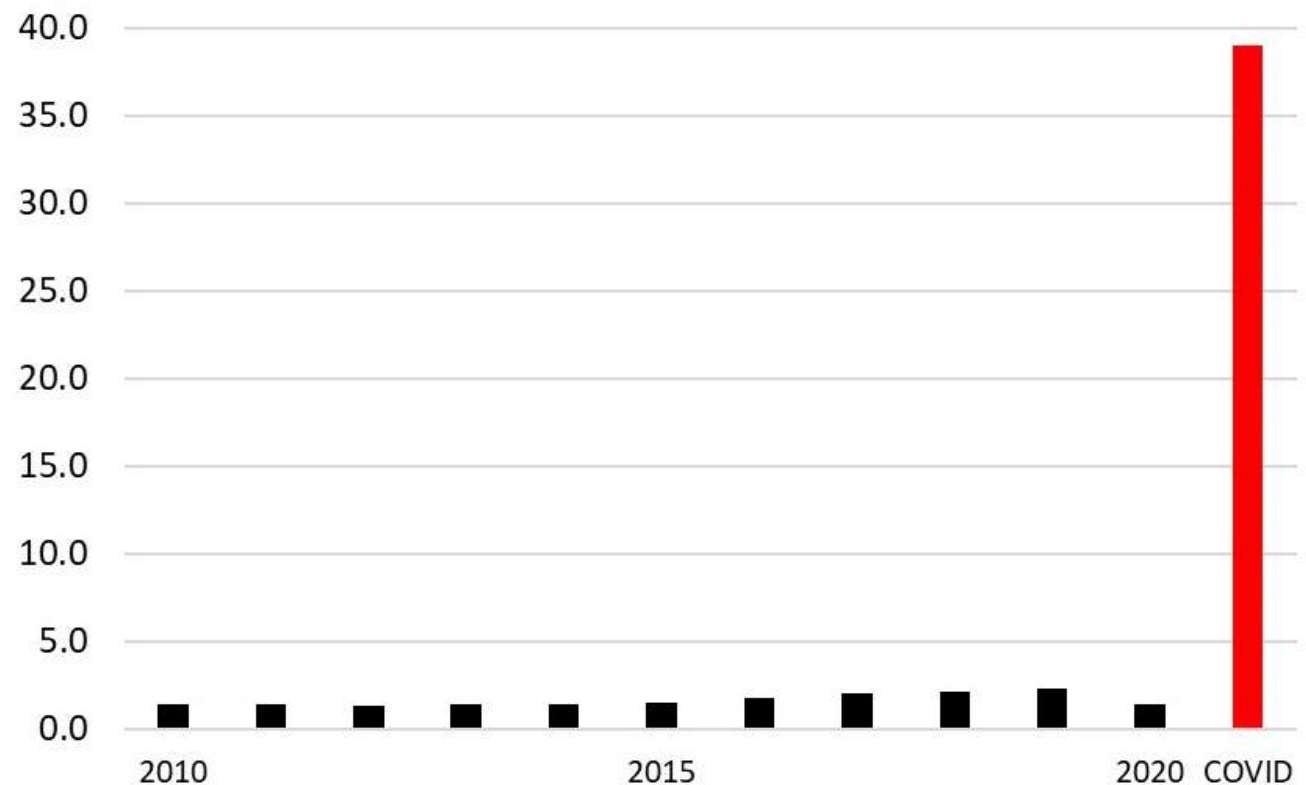

WHY NOT THE VAX? DID YOU KNOW?

Are those last numbers skewed
because no other vaccine has
been used this widely?

No.

Here's an adjusted graph:

Deaths Reported to VAERS per Million Vaccine Doses Since 2010

WHY NOT TAKE THE VAX?

DID YOU KNOW?

- Did you see this vid of Navy Surgeon saying the covid jab has killed more active-duty military than covid has?
- We're vastly over-counting covid cases and deaths, and vastly, intentionally, dismissively, undercounting vaccine death and adverse reactions.
- Did you know, in a sworn affidavit, a CDC whistleblower said the numbers for covid-jab adverse reactions are under reported by *at least* a factor of five? So 18k deaths become 90k.
- For context, did you know in 1976 the US pulled the plug on the **ru**shed H1N1 vaccine after just a few-dozen reported deaths. Is there a death ceiling we can hit for this Covid Vax to be pulled?

WHY NOT TAKE THE VAX? DID YOU KNOW?

#6: THE FLAGRANT DISREGARD AND DISINTEREST IN OTHER SAFETY SIGNALS

- Did you know after OSHA loudly pushed the vax mandate, then they quietly (OSHA) said they will not enforce the law that requires companies to report adverse reactions to the same jab?
- Did you know kids given these jabs, especially boys (age 12-17) are four to six times more likely to be hospitalized for myocarditis than covid. Myocarditis: swelling of the heart that produces permanent heart damage and sometimes death. That's not a normal 12 year old problem!

WHY NOT TAKE THE VAX? DID YOU KNOW?

Look at this **data from VAERS** which is bad, but note it stops at the end of just day 6!

Very convenient.

Who knows how many injuries showed up on day 7 and after!

WHY NOT TAKE THE VAX? DID YOU KNOW?

- Here are 10 red flags that reveal the FDA's shady and "preposterous junk science" used in the approval for kids.
- Do you think it's "keeping us safe" to take away people's freedoms and livelihoods if they refuse this ineffective, risky product?

WHY NOT TAKE THE VAX? DID YOU KNOW?

#7: THE SHAM “FULL FDA-APPROVAL” OF PFIZER’S JAB

- Did you know there is **NO** fully-approved covid jab available anywhere in the world? This is because the approved “Comirnaty” shot won’t be available until 2023 or even 2024.
- Did you know even though the “approved jab” isn’t available, the agenda is still pushing the Emergency Use Authorization (EUA) jab as interchangeable with the approved jab, but it's not!? Pfizer says “they’re the same...but different” (see footnote 8 on page 2). It has come out that Pfizer will be held liable for injuries from the Comirnaty Vaccine, until it is officially put on the children's vaccine schedule... so it seems like they are pushing out the availability of it until then to avoid the possible (and probable) millions of people with severe reactions suing them out of business. Until then the EUA vax leaves the injured unable to sue or pursue damages no matter how bad the injury.

WHY NOT TAKE THE VAX? DID YOU KNOW?

- Did you know [The FDA is currently being taken to court](#) because *they broke the law* and won't show the data they relied upon to approve the Comirnaty shot? Why won't they show the data?
- Did you know [Pfizer redacted 22% of the ingredients](#) (see pages 6 and following) in their new "approved" vaccine and the FDA had to be FOIA-ed (freedom of info act) to make some ingredients public.
- Did you know Pfizer hid from the public that [they used aborted fetal cells](#) in the production of their vaccines and we only found that out because of a [Pfizer whistleblower](#)?

WHY NOT TAKE THE VAX? DID YOU KNOW?

#8: THE BOOSTER DEBACLE

- After a study of just 329 healthy people (12 people were over 65), with no control group, with just a time of "over two months", Pfizer boldly asked for a full approval to give a third shot of the same formulation...to ALL adults. Instead of skipping another advisory-council meeting to review the risk/benefit of approving another shot of the same dud, the VRBPAC committee DID meet this time.
- After a full-day, open-for-public-comment period, and after hearing doctor after doctor say things like this and this, they overwhelmingly (16-2) voted to **NOT** approve the booster shot. Yet, leave it to absent-minded Joe Biden to say afterward that the booster program is going forward "as planned" (foreshadowing the sham of having an advisory Council there to actually protect the people from danger).
- Shortly after the 16-2 vote, Biden's CDC director overruled the FDA advisory committee (ACIP) and approved the booster shot for those with "risky underlying health problems" (a pathologically-vague category).

WHY NOT TAKE THE VAX? DID YOU KNOW?

- Why are we ignoring that the boosters are failing in Israel, and that the [European Union](#) and the [W.H.O.](#) are both recommended **against** boosters?
- Did you know two top FDA officials responsible for vaccine research resigned after strongly being asked to approve boosters and then signed a letter in *The Lancet* that strongly warns against vaccine boosters?

WHY NOT TAKE THE VAX? DID YOU KNOW?

#9: THE HEAVY-HANDED SUPPRESSION OF HIGHLY-EFFECTIVE TREATMENTS

- Aug/Sept 2020, media couldn't stop talking about how bad covid was in India, and how we all needed to look to them as a reason to take the jab. Have you noticed India isn't in media any more? It's because India embraced Ivermectin and wiped out covid.

WHY NOT TAKE THE VAX? DID YOU KNOW?

Have you heard the media say
that Ivermectin was a dress risky
“horse de-wormer?”

Why You Should Not Use Ivermectin to Treat or Prevent COVID-19
Using the Drug ivermectin to treat COVID-19 can be dangerous and even lethal.
The FDA has not approved the drug for that purpose.

WHY NOT TAKE THE VAX? DID YOU KNOW?

- Did you know its a drug used in humans for 40 years, proven safe in over 63 trials, over 2 billion doses given without dangerous side effects, and the inventor even won a Nobel prize?
- Why are fabricated stories (in the Rolling Stone and on MSNBC) about emergency rooms overflowing with people who overdosed on Ivermectin, not being publicly retracted?

WHY NOT TAKE THE VAX? DID YOU KNOW?

- Why is Dr. Peter McCollough who 1) has an unassailable reputation, 2) used to believe in these covid jabs, 3) has successfully treated hundreds of covid patients with a multifaceted approach and 4) is the most published doctor in the world on covid... this Dr McCollough is being ignored, smeared, sued, and censored by the medical and tech establishments? Why?
- Why are any number of treatments that average about 85-90% effective for overcoming covid not standard protocol in all hospital in the US?
- Why were (and are) we denying early (more like “any”) treatment to confirmed covid cases, and for those who don’t get better when untreated, admitting them to hospitals (where germs congregate) and then using highly-ineffective and deadly treatments like Remdesivir and ventilators?

WHY NOT TAKE THE VAX? DID YOU KNOW?

#10: NATURAL IMMUNITY TO COVID IS FAR SUPERIOR TO VACCINE-INDUCED IMMUNITY

- Did you know Fauci and CDC says vax immunity is better but these [81 studies](#) say Natural immunity is better?
- Did you know the Pfizer jab has been shown to diminish in efficacy (not work) [within 2 months](#)?
- [Dr. Hooman Noorchasm](#) says we have to acknowledge natural immunity is not only superior to vaccine-induced immunity, but is clear justification to avoid the jab altogether.
- Scott Gottlieb, former head of the FDA (who is currently on the board of advisors at Pfizer), says [we have to bring natural immunity into the equation](#) of who needs these shots. As opposed to saying pharma's chemical cocktail is better than nature (god). so, why can't the naturally infected opt out?

WHY NOT TAKE THE VAX? DID YOU KNOW?

#11: THESE “VACCINES” REGRESS THE IMMUNE SYSTEM

- Did you know the virologist [Geert Vanden Bossche](#) says the jab causes the immune system *of previously naturally-infected people (have natural immunity)* to become blind to any version of covid that doesn't have the original, un-mutated, spike protein. Meaning once covid mutates (he says it does every 10 minutes!) the vax no longer works.
- [An Israeli study](#) confirmed that you're 13 times more likely to get a breakthrough infection if you GET the jab.
- [Another Israeli study](#) (may of 2021) With a total of 835,792 Israelis known to have recovered naturally from the virus **without** the vax, had 72 instances of reinfection = amount to 0.0086% of people who had been naturally infected with COVID. By contrast, Israelis who were vaccinated were **6.72 times more likely to get infected after the shot than after natural infection**, with over 3,000 infected of the 5,193,499 vaccinated, or 0.0578% That got infected again anyway.
- BUT WORSE! According to [this study](#), the vaccinated appear to have a “total immune system degradation” of **40% of their immune-system capability**. The danger of "boosting" the immune system is this potential for a phenomenon called "[immune exhaustion](#)." Where you can't fight ANYTHING, any sickness off! The common cold can kill you!

#12: THE CORRUPT BACKSTORY OF COVID-19 – THE SHORT VERSION

- Fauci illegally-funded that Gain-of-Function research in Wuhan.

WHY NOT TAKE THE VAX? DID YOU KNOW?

#13: THE PATENT RECORD

- Did you know it's illegal to patent a living organism? Yet Since 1999, over 4,000 patents have been filed on coronaviruses. How they get around patenting an organism? They didn't. They could because its laboratory altered, or engineered, not natural.
- 123 of those patents *cover every aspect* of what is supposedly “novel” about SARS-CoV-2. The entire virus (as well as the antidotes and **means of detecting the virus**), received patents long before covid-19.
- Click [here](#), or [here](#) to watch [Dr. David Martin](#) of *M-CAM International* recount this entire patent history, and read it [here](#).

WHY NOT TAKE THE VAX? DID YOU KNOW?

- #14: THE OTHER INGREDIENTS BEING FOUND IN THE “VACCINES”
- Check out what else has been repeatedly identified in these jabs:
 - **Graphene oxide** has been found in all four major injections—thus creating a long list of potential health problems (never mind the long list of ethical problems), and wouldn't you know it, GO is already patented for use in coronavirus vaccines.
 - **Bizarre, alien-looking, self-aware organisms** that appears to be (or behave like) freshwater hydra (a self-replicating life form that is almost impossible to kill), are repeatedly showing up under the microscope. What???
- **Perfectly-formed, linked discs** are also showing up under the microscope...do we even know what they are? Would this patent for what sounds like some sort of RFID, neurological-obedience technology in vaccines have something to do with it?

WHY NOT TAKE THE VAX? DID YOU KNOW?

#15: THE FLAGRANT DISREGARD FOR THE LAW AND HUMAN RIGHTS

Did you know all these happen all at once? What are the odds?

- Why nearly every nation approached covid the same way—with the suspension of their respective laws or constitutions?
- Why, in a coordinated fashion, has free speech become massively suppressed, and “misinformation” is now a euphemism for “anything-that-contradicts-Tony-Fauci.”
- Why businesses and houses of worship were forced to close without due process of law as required by the 14th amendment?
- How the Nuremburg Code, that prohibits coercion, became irrelevant and now we face government-sponsored ultimatums requiring us to give up our body sovereignty?
- Why are executive orders, or I should say, executive-order-by-press-conference (i.e. there is no existing employer mandate) treated as if they are laws when they are not?
- Is it a sheer coincidence that four world leaders (Haiti, Chad, Uganda, Maldives), who rejected the covid narrative, were targeted for assassination within a matter of months?

WHY NOT TAKE THE VAX? DID YOU KNOW?

#16: THE DYSTOPIA THAT'S WORSENING

- We are unable to apply basic cost/benefit analysis and instead we're told to embrace any measure that will fight covid.
- Your favorite local businesses may have to close because not enough customers are willing to comply with a vaccine mandate.
- The most credentialed doctors we have are being labeled as terrorists and systematically silenced when they speak any contrarian information.

- **We live in a world where** your government can force you to check in within five minutes of being texted so they can use facial recognition and geo-locating to make sure you're where you're supposed to be.
- **We live in a world where** hospital systems, and one country after another admits to using covid to test the effectiveness of propaganda on its citizens.
- **We live in a world where** a whole country can take away your ability to travel if you don't submit to participating in a these experimental jabs.
- **We live in a world where** your government can arbitrarily draw new, nonsensical quarantine boundaries you must stay within, and force you to travel to (for example) an approved grocery store that is miles away even though there's one across the street.
- **We live in a world where** unclean people, I mean unvaccinated people, are so intolerable they are not allowed to buy food.

A photograph of a detention facility. In the foreground, there are several tiers of razor wire (concertina wire) on top of a grey metal wall. Above the wall, there are white poles with blue caps. In the background, a tall, grey guard tower with a small window is visible. The sky is overcast and grey. The overall scene suggests a secure, possibly military or detention, environment.

WHY NOT TAKE THE VAX? DID YOU KNOW?

Should we be unconcerned that governments in the US, UK, and Australia have things like:

- New detailed plans for “[quarantine camps](#)” or “[green zones](#)” where “infected” people can be isolated for as long as the authorities deem necessary?

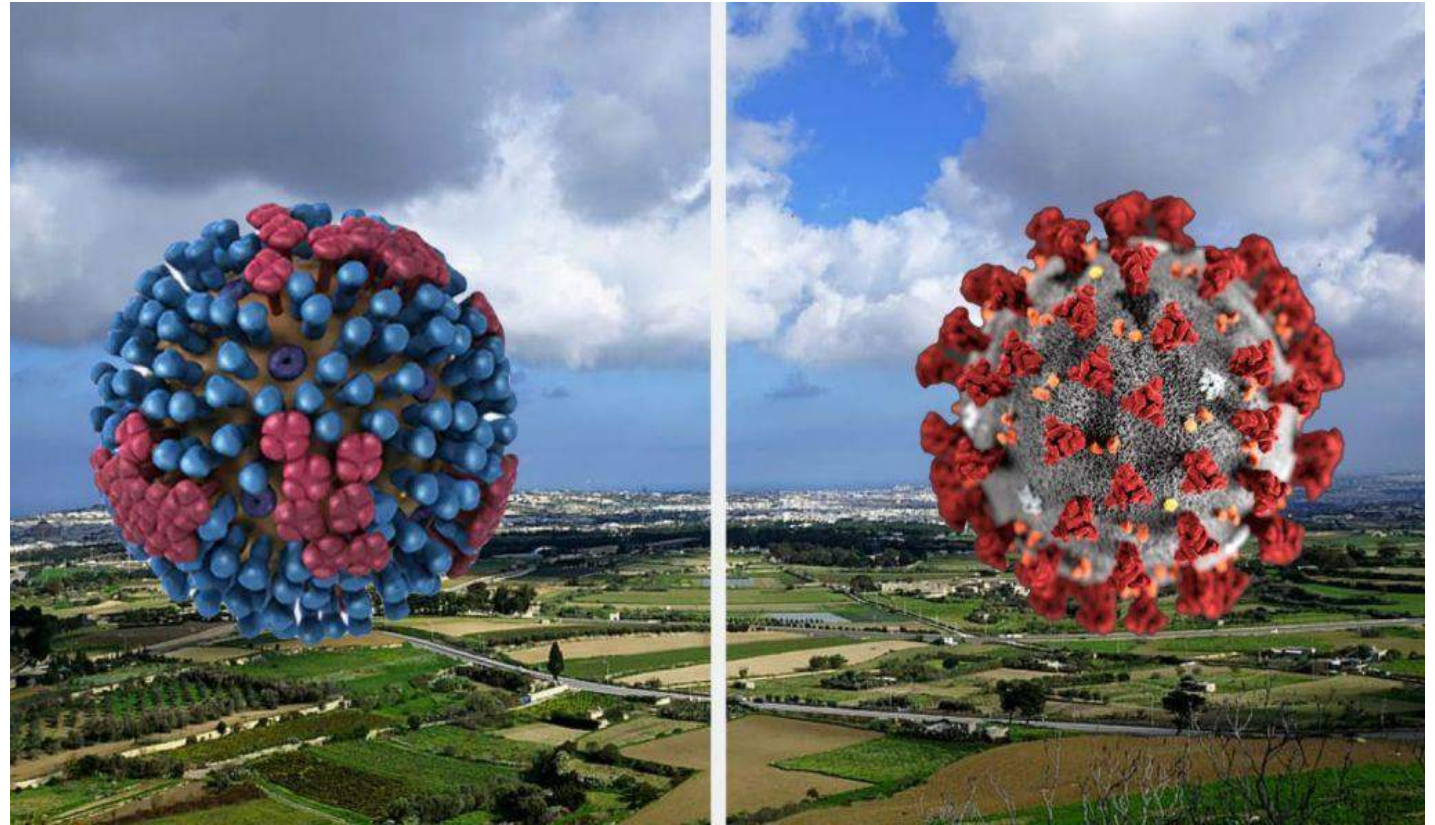

WHY NOT TAKE THE VAX?

DID YOU KNOW?

- Did you know the fatality rate of COVID is about the same as the normal flu season? Stanford professor John Ioannidis, respected epidemiologist, has [crunched all the numbers](#) from around the global and found that infection-survival rate from covid is well over 99%.

Here are the survival rates by age:

- Age 0-19:** 99.9973%
- Age 20-29:** 99.986%
- Age 30-39:** 99.969%
- Age 40-49:** 99.918%
- Age 50-59:** 99.73%
- Age 60-69:** 99.41%
- Age 70+:** 97.6% (non-institutionalized)
- Age 70+:** 94.5% (institutionalized and non-institutionalized)

THE WIZARDS OF COVID

DID YOU KNOW?

World Economic Forum: WEF. Led by Klaus Schwab

Here's some of the WEF goals for the entire world by 2030.

- WEF - "You will own nothing, and you will be happy."
- WEF - "Whatever you want you'll rent, and it will be delivered by drone." "The US won't be the world's leading superpower; a handful of countries will dominate."
- WEF; "You'll eat much less meat...an occasional treat, not a staple...for the good of the environment and our health." Uh, who exactly is deciding what's best for my health and the environment? Is it a group of billionaires who want to sell me edible insects, lab-produced breast milk, cell-based meat, and patent-filled fake-meat fungus burgers that artificially bleed?
- WEF: "Looking to the future, governments will most likely... decide that it's in the best interest of society to rewrite some of the rules of the game and permanently increase their role."
- WEF - "If no one power can enforce order, our world will suffer from a 'global order deficit'."

THE WIZARDS OF COVID

DID YOU KNOW?

- THE GREAT RESET shows WEF's desire for absolute power.
- [This UK reporter](#) learned her country's vaccine passport includes: "*Data relating to mental health, lifestyle, ethnic origin, biometric data and **alleged criminal behavior**...*" she responded: "What the hell does that have to do with proving you've had two jabs?" Good question. Seems The jabs are an excuse for power, not about safety from a virus.
- Where did "Build Back Better" come from? WEF is where all western leaders decided on it (Klaus Schwab, Joe Biden, Kamala Harris, Bill Clinton, Barack Obama, Prince Charles, Justin Trudeau, Boris Johnson, Andrew Cuomo, Nancy Pelosi, Bill Gates, and others).
- [Clip of all these leaders parroting the same 'build back better/great reset' script.](#)
- Here's the [highwire episode on this.](#)

THE WIZARDS OF COVID

DID YOU KNOW?

- **COVIDIAN WIZARD #2: Bill Gates**
- He has paid his way into an ownership or highly-influential positions in media, big oil, patentable food, biotech, seeds, farming, big tech, vaccines, education, satellites, gene editing, cryptocurrency, 5G, censorship (yep, that's an industry now), and that's the short list.

How?

STEP #1 – BEND THE RULES OF PHILANTHROPY

- it includes making large “donations” to for-profit companies... (including multiple drug companies) in which he is heavily invested. Those companies now need this large giver. The bottom line, all of Gates “giving” has strings attached to it.
- As Howard Vlieger put it: *“Gates’ habit of seeing every human difficulty through the lens of some technological solution from which he can profit is beyond myopic. It’s pathology — sociopathology, really. Gates is a dangerously powerful sociopath with \$137 billion and a vision for a top-down technocracy. Does that worry anybody?”*

THE WIZARDS OF COVID

DID YOU KNOW?

STEP #2: BECOME THE KING OF PUBLIC HEALTH.

Did you know Bill claims vaccines are his best investment—a 20:1 return. To protect your investment, paint yourself as a philanthropist dedicated to eradicating disease and announce during a speech at the UN that you will fund a “decade of vaccines.”

1. He invested \$10 Billion in vaccines.
2. He became the largest funder (read “influencer”) of the World Health Organization (WHO), and propped up other vaccine-promoting organizations like GAVI.
3. He got the WHO to declare (without any evidence) that vaccine hesitancy is the greatest public health threat—(Really? No bigger threats?)
4. Find a few countries (in Africa and India) willing to be test dummies for your vaccines projects. Then, sweep it under the rug when people die and you get kicked you out.
5. Wrap up your “decade of vaccines” in late 2019 by partnering with the WEF and Johns Hopkins University for a pandemic dress rehearsal called “Event 201” and if anyone thinks the timing is really suspicious, lie and say you never planned the event.
6. Downplay the risks of rushed vaccines and lobby hard to make sure liability protections stay in place to safeguard the vaccine industry you’re invested in.
7. Control the narrative, and tell the world it will stay locked down until 2022 and won’t go back to normal until the entire planet is vaccinated.

THE WIZARDS OF COVID DID YOU KNOW?

STEP #3: OWN THE MEDIA, AND CENSOR THOSE WHO DISAGREE

- Bill Gates (through his Bill and Melinda Gates Foundations—BMGF) has financial ties to all of these outlets—NBC, NPR, The Guardian, Al-Jazeera, BBC, Pro Publica, National Journal, Univision, Medium, Financial Times, Washington Monthly, and several more...

THE WIZARDS OF COVID

DID YOU KNOW?

STEP #4: PROVE CONCEPT BY REMAKING A MINIATURE WORLD IN YOUR IMAGE

1. Secure eventual control over the food supply by investing in every patentable “food-like product” and making sure you’re the largest owner of farmland in the US (across 24 states) so you can grow (ahem control) all your GMO Franken foods.
2. Buy 24,800 acres in Arizona and build an entire “smart city” with room for 80,000 people where you can have massive warehouses to analyze all the 5G data for “The Internet of Things” you wish to control.
3. Send up at least 500 satellites to provide 24/7/365 coverage of the entire earth and fund dystopian ideas like ID 2020, and biological cryptocurrency that will give every living soul a digital identity (via a subdermal microchip)—so you can track them, I mean control them...

THE WIZARDS OF COVID DID YOU KNOW?

Could Bill be working on genocide, depopulating planet “for the greater good”? In [this video montage](#) you’ll hear Bill (and his ex-wife Melinda) say such things as...

- Bill’s dad was the leader of Planned Parenthood.
- Bill and Melinda both repeatedly talked about the problem of overpopulation and that something needs to be done. Maybe [a remote-control contraceptive microchip](#)?
- Bill has championed the tools of [universal vaccines](#), [digital passports](#), and something called [Gene-Drive Extinction Technology](#).

THE WIZARDS OF COVID

DID YOU KNOW?

COVIDIAN WIZARD #3: Anthony Fauci.

- How has a thoroughly-discredited puppet like Fauci not been fired, or imprisoned? ... ok, too soon? Let's look at some info first.
- You have to get approval from Anthony Fauci to get any of NIAID's now \$6.245 Billion budget, and that doesn't include money he also helps direct from the Department of Defense.

THE WIZARDS OF COVID DID YOU KNOW?

The Fauci blessed money goes to Universities and hospitals, but it DOES NOT go to research that would address root causes.

- No funding for Alternative therapies to fight infection or disease
- No funding for Eradicating chemically-caused, man-made diseases
- No funding for Getting toxins out of our air, water, and food
- No funding for Biodynamic or regenerative farming research to help reduce disease
- No funding for Researching how to heal our bodies with food or supplements
- No funding for Improving vaccine safety by studying health outcomes of vaccinated vs. unvaccinated (especially none for that!).

Instead, our taxpayer funding goes to research that could lead to patentable drugs. Tony is pharma's little darling-- he has the American people pay for big pharma's research.

THE WIZARDS OF COVID DID YOU KNOW?

- *“What Fauci brags about, isn’t all the ways he has reduced incidents of chronic disease. Under his watch chronic disease has gone from 6% to 54%. That’s nothing to brag about. Instead, what he brags about is all the drugs he has patented. That’s all he can point to that he has accomplished.” - RFK, Jr*
- *Pharma controls the media to the tune of 50-70% of all their advertising revenue. And with Bill Gates on his side they get media to say or NOT say whatever they want.*
- *Who else can blatantly, publicly lie and days later have the White House Press Secretary can say there’s nothing Fauci could do to be fired.*

THE WIZARDS OF COVID

DID YOU KNOW?

“People who criticize me are actually criticizing science.” - Tony Fauci.

The message is clear. Only one narrative allowed.

- *All of you 58,000+ doctors and scientists who disagree with Tony—shut up and obey.*
- *All of you 57 doctors at the top of your field...who publish professional, peer-reviewed papers about highly effective treatments for covid that make a vaccine unnecessary...be quiet, or be censored and discredited.*

THE WIZARDS OF COVID

DID YOU KNOW?

- *So how did Tony, Bill, and Klaus get academia and medicine to quietly go along with this? Control the universities, and you control scientists. and the universities are controlled because their funding comes from them.*
- ***Why did so many medical professionals roll over and accept the mainstream narrative?*** *hospitals, medical professionals, and regulatory agencies rely on studies done by universities.*
- *We've already covered that universities are bought. and so, the control loop is complete.*

THE WIZARDS OF COVID

DID YOU KNOW?

Here's what the wizards did...

- Recommend ineffective lockdowns based on fear-monger modeling
- Ignore all the collateral damage, deaths, and despair caused by lockdowns
- Label healthy people as a threat to make the population afraid
- Misuse the PCR tests to create millions of false positives and fear
- Bloat the death numbers by changing the way death certificates are filled out
- Secure large government payments for hospitals that treat covid cases
- Censor doctors and treatments.
- Scare people away from safe treatments by publishing fake studies in major journals. [\(The Lancet has made one of the biggest retractions in modern history\)](#)
- Promote mask wearing even though masks are ineffective and harmful
- Intimidate medical professionals, and professors who don't fall in line

THE WIZARDS OF COVID

DID YOU KNOW?

Here's what the wizards did... (continued)

- Skip animal trials, and toxicology studies and rush a “vaccine” that doesn’t even stop infection (p.49) or transmission (p.48)
- Show a total lack of will to “warp speed” an effective tracking system to monitor adverse vaccine reactions and brush aside every possible safety signal, especially for woman, and young boys.
- Censor the inventor of the mRNA technology when he recommends pulling the vaccine.
- Convince us that relying on natural immunity is risky and we will all need annual boosters even though natural immunity is proven to be better, as the natural immune system’s memory has been demonstrated to be robust 90 years later!
- When over a million people show up to protest, say the crowd had “hundreds.”
- Get so fixated on your technocratic agenda that you risk unraveling trust in the entire vaccine industry by demonstrating that there is no number of deaths or injuries that will be enough to pull the vaccine.

THE WIZARDS OF COVID

DID YOU KNOW?

THE REALITY-DISTORTION FIELD (GASLIGHTING) MESSAGES.

- *Two weeks* to “flatten the curve,” but then endlessly move the goal posts
- You can feel great, and be a carrier of sickness at the same time
- Censorship is for your protection...because you can't think for yourself
- You should trust “fact checkers,” even though fact-checkers retract major “facts”
- Masks don't work, then they do work, then you need two masks
- Fauci isn't flip-flopping, he's following “the science,” or IS science.
- Science is settled...which is the opposite of the definition of science
- The covid vaccine is safe and effective, but it's not done being tested for safety

THE WIZARDS OF COVID

DID YOU KNOW?

THE REALITY-DISTORTION FIELD (GASLIGHTING) MESSAGES (cont.).

- Pharma isn't liable for vaccine injuries, so of course they wouldn't cut corners
- The rushed, experimental vaccine isn't mandatory, but it kind of is
- Covid vaccine injuries are rare, even though 53.88% of physicians have seen these vax injuries.
- Your injury after being vaccinated wasn't caused by a vaccine...you made that up
- You recovered from covid and have immunity, but we need to vaccinate you anyway
- Doctors who don't believe in these covid vaccines are quacks, all 58.09% of them
- The flu went down by 98%, but it wasn't because we re-labeled it covid

THE WIZARDS OF COVID DID YOU KNOW?

Oh some more gaslighting here too:

- The police who exist to protect you, are actually out to get you
- White people: Be kind by accepting how evil you are
- You need proof of identity for these 60+ instances, but NOT for voting
- Gender isn't biological; it's just a state of mind
- We can take away all your possessions, and you'll be happy about it

THE WIZARDS OF COVID DID YOU KNOW?

SO WHAT DO WE DO?

- There's a Great Awakening of a *massive* un-silent majority right smack in the middle.
- They can label us all “far-right extremists” all they want.
- *"It is the duty of the patriot to protect his country from his government."* Thomas Jefferson
 - **Peaceful, noncompliance**
 - **Grassroots activism**
 - **Leverage the court system**
- We get to know our Sheriff--to know how critical that is, [watch this presentation](#).
